C(1)—Capital, employment and output—factories classified according to size	54—56
C(2)—Capital, employment and output—factories classified according to type of ownership	57—59
C(3)—Distribution of factories according to size and type of ownership	60

CHAPTER III—WHEAT FLOUR

1-1—Number of factories in the industry	61
1-2—Productive capital employed	62
1-3—Number of persons employed	63
1-4—Number of man-hours worked directly for factory	63
1-5—Salaries, wages and other benefits to employees	64
1-6—Fuels, electricity, lubricants, etc., consumed	65—66
1-7—Materials consumed	67—68
1-8—Products and by-products manufactured for sale	69—70
1-9—Value added by manufacture	71
1-10—Capital, employment and output—factories classified according to size	72—73
1-11—Capital, employment and output—factories classified according to type of ownership	73—74
1-12—Distribution of factories according to size and type of ownership	75

CHAPTER IV—RICE MILLING

	PAGE
2-1—Number of factories in the industry	77
2-2—Productive capital employed	78
2-3—Number of persons employed	79
2-4—Number of man-hours worked directly for factory	79
2-5—Salaries, wages and other benefits to employees	80
2-6—Fuels, electricity, lubricants, etc., consumed	80—81
2-7—Materials consumed	82—83
2-8—Products and by-products manufactured for sale	83—84
2-9—Value added by manufacture	85
2-10—Capital, employment and output—factories classified according to size	86—87
2-11—Capital, employment and output—factories classified according to type of ownership	87—88
2-12—Distribution of factories according to size and type of ownership	89

CHAPTER V—BISCUIT MAKING (INCLUDING BAKERIES AND CONFECTIONERIES)

3-1—Number of factories in the industry	91
3-2—Productive capital employed	92
3-3—Number of persons employed	93
3-4—Number of man-hours worked directly for factory	93
3-5—Salaries, wages and other benefits to employees	94
3-6—Fuels, electricity, lubricants, etc., consumed	94—95
3-7—Materials consumed	96—98
3-8—Products and by-products manufactured for sale	99
3-9—Value added by manufacture	100
3-10—Capital, employment and output—factories classified according to size	101—102
3-11—Capital, employment and output—factories classified according to type of ownership	102—103
3-12—Distribution of factories according to size and type of ownership	104

CHAPTER VI—FRUIT AND VEGETABLE PROCESSING

4-1—Number of factories in the industry	105
4-2—Productive capital employed	106
4-3—Number of persons employed	107
4-4—Number of man-hours worked directly for factory	107
4-5—Salaries, wages and other benefits to employees	107
4-6—Fuels, electricity, lubricants, etc., consumed	108—109
4-7—Materials consumed	109—110
4-8—Products and by-products manufactured for sale	111—112
4-9—Value added by manufacture	112
4-10—Capital, employment and output—factories classified according to size	113—114
4-11—Capital, employment and output—factories classified according to type of ownership	114—115
4-12—Distribution of factories according to size and type of ownership	116

6-1—Number of factories in the industry	133
6-2—Productive capital employed	134
6-3—Number of persons employed	135
6-4—Number of man-hours worked directly for factory	135
6-5—Salaries, wages and other benefits to employees	136
6-6—Fuels, electricity, lubricants, etc., consumed	136—137
6-7—Materials consumed	138—140
6-8—Products and by-products manufactured for sale	141—142
6-9—Value added by manufacture	142—143
6-10—Capital, employment and output—factories classified according to size	143—144
6-11—Capital, employment and output—factories classified according to type of ownership	145—146
6-12—Distribution of factories according to size and type of ownership	146—147

CHAPTER IX—STARCH

7-1—Number of factories in the industry	149
7-2—Productive capital employed	150
7-3—Number of persons employed	150
7-4—Number of man-hours worked directly for factory	151
7-5—Salaries, wages and other benefits to employees	151
7-6—Fuels, electricity, lubricants, etc., consumed	151—152
7-7—Materials consumed	153
7-8—Products and by-products manufactured for sale	154—155
7-9—Value added by manufacture	156
7-10—Capital, employment and output—factories classified according to size	157—158
7-11—Capital, employment and output—factories classified according to type of ownership	158—159
7-12—Distribution of factories according to size and type of ownership	160

CHAPTER X—VEGETABLE OILS

A.—OILSEED CRUSHING AND EXTRACTION AND PROCESSING OF VEGETABLE OILS (EXCLUDING MANUFACTURE OF EDIBLE HYDROGENATED OILS)

8A-1—Number of factories in the industry	161
8A-2—Productive capital employed	162—163
8A-3—Number of persons employed	164
8A-4—Number of man-hours worked directly for factory	165
8A-5—Salaries, wages and other benefits to employees	165
8A-6—Fuels, electricity, lubricants, etc., consumed	166—168
8A-7—Materials consumed	169—179
8A-8—Products and by-products manufactured for sale	180—189
8A-9—Value added by manufacture	190—191
8A-10—Capital, employment and output—factories classified according to size	192—193
8A-11—Capital, employment and output—factories classified according to type of ownership	193—194
8A-12—Distribution of factories according to size and type of ownership	195

B.—MANUFACTURE OF EDIBLE HYDROGENATED OILS	PAGE
8B.1—Number of factories in the industry	196
8B.2—Productive capital employed	197
8B.3—Number of persons employed	198
8B.4—Number of man-hours worked directly for factory	198
8B.5—Salaries, wages and other benefits to employees	199
8B.6—Fuels, electricity, lubricants, etc., consumed	199—200
8B.7—Materials consumed	201—205
8B.8—Products and by-products manufactured for sale	205—208
8B.9—Value added by manufacture	209
8B.10—Capital, employment and output—factories classified according to size	210—211
8B.11—Capital, employment and output—factories classified according to type of ownership	211—212
8B.12—Distribution of factories according to size and type of ownership	213

CHAPTER XI—PAINTS AND VARNISHES

9.1—Number of factories in the industry	215
9.2—Productive capital employed	216
9.3—Number of persons employed	217
9.4—Number of man-hours worked directly for factory	217
9.5—Salaries, wages and other benefits to employees	217
9.6—Fuels, electricity, lubricants, etc., consumed	218—219
9.7—Materials consumed	219—223
9.8—Products and by-products manufactured for sale	224—225
9.9—Value added by manufacture	226
9.10—Capital, employment and output—factories classified according to size	227—228
9.11—Capital, employment and output—factories classified according to type of ownership	228—229
9.12—Distribution of factories according to size and type of ownership	230

CHAPTER I

INTRODUCTION

This Census of Manufactures was conducted under the Industrial Statistics Act, 1942. The Act, and the model of the Census of Manufacturing Industries Rules issued thereunder by the various State Governments, are reproduced in Appendix A and Appendix B respectively.

The above Act was repealed by the Collection of Statistics Act, 1953 which came into force on the 10th November, 1956.

2. *The Census of Manufactures*

There have so far been 13 censuses, viz., those for the years 1914 and 1945, which were conducted on a voluntary basis and not under the provisions of the Act, and those for each of the years 1946 to 1956 which were conducted under the Act. The results of the censuses for the first two years mentioned above were neither tabulated nor published, as only 37 per cent. of the factories submitted returns, and the returns were of poor quality. The statistics of the censuses for the years 1946 to 1953 have been published and those of the census for 1955 are under compilation at the time of writing.

3. *States covered by the Census*

The Industrial Statistics Act, 1942, applied originally to the old "British" India. After independence the Act was extended, on different dates, to the "Indian States" which were incorporated in the Union. The areas covered by the censuses conducted under the Act for the years 1946 to 1954 are indicated below, —

1946—West Bengal, Bombay, Madras, U. P., Bihar, East Punjab, C. P. and Berar, Delhi, Orissa, Assam and Ajmer-Merwara.

1947—West Bengal, Bombay, Madras, Uttar Pradesh, Bihar, East Punjab, C. P. and Berar, Assam, Orissa, Delhi, Ajmer-Merwara, Cochin, Kollhapur, Baroda, Porbandar, Patiala, Jaipur, Akalkot, Bhaghat, Jodhpur and Miraj.

1948—West Bengal, Bombay, Madras, Uttar Pradesh, Bihar, Punjab, Madhya Pradesh, Assam, Orissa, Delhi, Ajmer-Merwara, Himachal Pradesh, Vindhya Pradesh, Patiala & East Punjab States Union (Patiala only), Cochin, Saurashtra (Porbandar only) and Rajasthan (Jodhpur only).

1949—West Bengal, Bombay, Madras, Uttar Pradesh, Madhya Pradesh, Bihar, Punjab, Assam, Orissa, Delhi, Ajmer, Himachal Pradesh, Vindhya Pradesh, Patiala & East Punjab States Union and Travancore-Cochin (Cochin only).

1950—West Bengal, Bombay, Madras, Uttar Pradesh, Madhya Pradesh, Bihar, Punjab, Assam, Orissa, Delhi, Ajmer, Himachal Pradesh, Vindhya Pradesh, Patiala & East Punjab States Union, Travancore-Cochin (Cochin only), Rajasthan and Kutch.

1951—Bombay, West Bengal, Madras, Uttar Pradesh, Bihar, Madhya Pradesh, Punjab, Delhi, Orissa, Rajasthan, Patiala & East Punjab States Union, Saurashtra, Assam, Travancore-Cochin (Cochin only), Ajmer, Himachal Pradesh, Vindhya Pradesh and Kutch.

1952—Bombay, West Bengal, Madras, Uttar Pradesh, Bihar, Madhya Pradesh, Punjab, Delhi, Orissa, Rajasthan, Patiala & East Punjab States Union, Saurashtra, Assam, Ajmer, Himachal Pradesh, Vindhya Pradesh and Kutch.

1953—Bombay, West Bengal, Madras, Andhra, Uttar Pradesh, Bihar, Madhya Pradesh, Punjab, Delhi, Orissa, Rajasthan, Patiala & East Punjab States Union, Saurashtra, Assam, Ajmer, Himachal Pradesh, Vindhya Pradesh and Kutch.

1954—Bombay, West Bengal, Madras, Andhra, Uttar Pradesh, Bihar, Mysore, Madhya Pradesh, Punjab, Delhi, Orissa, Rajasthan, Patiala and East Punjab States Union, Saurashtra, Assam, Travancore-Cochin, Ajmer, Himachal Pradesh, Vindhya Pradesh, and Kutch.

The position regarding Travancore-Cochin has been out of the ordinary. Prior to the merger of Cochin and Travancore in 1949 the former State used to conduct the Census of Manufactures under its own legislation. After the merger, the Census continued to be conducted on the same basis in respect of only Cochin, and not of Travancore. The

Central) Industrial Statistics Act, 1942, came into force in Travancore-Cochin on the 16th October 1951, but the completion of subsequent formalities took time and no Census could be conducted in respect of the years 1952 and 1953. As from the year 1954, the Census under the Central Act has been conducted in the State.

4. Industries covered by the Census

For the purposes of the Census of Manufactures, industry has been classified under the 63 heads shown in Schedule I in Appendix B. The census has so far been confined to 29 of these industries, of which the Producer gas plant industry exists no longer. There has been no factory in this industry since 1952.

Reports on the Censuses for 1946-50 did not give separate figures for the hydrogenated vegetable oil (Vanaspati) industry, this industry having been regarded as part of the vegetable oil industry. The vegetable oil industry has since been split into—

A.—Oil seed crushing and extraction and processing of vegetable oils—excluding manufacture of edible hydrogenated oils.

B.—Manufacture of edible hydrogenated oils. Separate figures are given for A and B.

Figures for gur industry in the Reports have been shown separately from those for Sugar for 1952 and 1953. They have however been excluded in this Report as the returns received were found to be defective.

Factories under the control of the Defence Ministry, irrespective of the industry to which they belong, are excluded from the Census.

5. Statistics Authorities

The collection of returns from individual factories for the purposes of the census was the responsibility of the Statistics Authorities appointed under section 4 of the Industrial Statistics Act, 1942, by State Governments. Before the end of each calendar year, the Statistics Authorities served notices on factories, calling for the submission of returns relating to the succeeding year. On receipt of the returns, they verified them and forwarded corrected copies to the Directorate of Industrial Statistics, where the results of the census are finally compiled and published.

The following officers were functioning as Statistics Authorities on 31st December 1954 :—

State	Statistics Authority
1. Ajmer .	Labour Officer, Ajmer.
2. Assam .	Director of Statistics, Assam.
3. West Bengal	Director, State Statistical Bureau, West Bengal.
4. Bombay	Director of Industries, Bombay.

State	Statistics Authority
5. Bihar . . .	Statistics Authority, Bihar.
6. Madhya Pradesh .	Chief Inspector of Factories, Madhya Pradesh.
7. Coorg . . .	District Magistrate, Coorg.
8. Delhi . . .	Statistics Authority, Delhi State Govt. Bureau of Economics and Statistics.
9. Madras . . .	Statistics Authority, Public (Economic and Statistics) Department, Madras.
10. Andhra . . .	Statistics Authority, The Andhra Board of Revenue, Statistical Branch, Madras.
11. Orissa . . .	Statistics authority, Finance Department, Orissa.
12. Punjab . . .	Director of Industries, Punjab.
13. Uttar Pradesh .	Director of Economic Intelligence and Statistics, Uttar Pradesh.
14. Patiala & East Punjab States Union.	Director of Industries, Pepsu.
15. Rajasthan . . .	Director of Industries and Commerce, Rajasthan.
16. Himachal Pradesh .	Director of Industries and Registrar, Co-operative Societies, Himachal Pradesh.
17. Vindhya Pradesh .	The Statistics Officer, Vindhya Pradesh.
18. Travancore-Cochin	Labour Commissioner, Travancore-Cochin
19. Kutch . . .	The State Engineer, Kutch.
20. Saurashtra . . .	The Statistical Officer, Dept. of Industries, Saurashtra.
21. Mysore . . .	Director of Industries and Commerce, Mysore.

6. Period covered by the Census

Each census relates to a calendar year, except in the case of the sugar industry for which the year ending 30th June is adopted.

7. Response from factories

Although the census was statutory, in practice returns were not received from all factories. Returns for 1954 were not received from 6 per cent. of the factories. Defaulters fell under three main categories, namely :—

- Wilful defaulters who ignore the Statistics Authority's notices although bound by law to comply with them.
- Factories owned by Governments and public bodies.
- Factories attached to training institutions.

Wilful defaulters have been prosecuted by the Statistics Authorities of Bombay, Delhi, Madhya Pradesh, Uttar Pradesh, Madras and Patiala & East Punjab States Union; in other States no prosecutions have so far taken place in respect of 1954 census. Statistics Authorities proceeded against 68 occupiers for failure to furnish returns for 1953, and in 39 cases the occupiers were convicted and fined.

In the case of factories owned by Governments and public bodies, the difficulties in regard to furnishing returns for the census arise *inter alia* from the following causes :—

- (a) the forms used were drafted mainly to suit commercial concerns and are therefore not entirely applicable to factories owned by Governments and public bodies ;
- (b) such factories do not in most cases produce goods for the market but for departmental use ; and
- (c) they have no system of valuing their products or services.

In the case of training institutions also similar difficulties exist. In addition, they do not always maintain accounts and statistics on commercial lines, and their labour force consists largely of instructors and pupils whose case differs from that of workers in a factory.

8. Lists of factories

The census was conducted with reference to lists of factories, classified according to industry, furnished to the Statistics Authorities by the Chief Inspectors of Factories. The criterion for the classification of a factory was the value of its principal products ; where a factory was engaged in more than one industry, it was classified under the industry to which its principal products, by value, belonged. The principal products of every factory are specified in the notice of occupation which the occupier furnishes to the Chief Inspector of Factories under the Indian Factories Act.

1. Units of enumeration

The primary unit of enumeration was the factory, and the primary data consisted of returns furnished by factories. In cases where different parts of a single integrated unit of production were registered as different factories, the occupier was permitted to submit a single return for the whole unit.

10. Form of Return

The returns were submitted in forms prescribed for the purpose by the Census of Manufacturing Industries Rules. A separate form was prescribed for each industry, consisting mainly of five tables relating to capital, labour, salaries and wages, fuels and materials consumed, and production.

11. Note on terms used in the Tables

- (i) "*Registered factories*" : For the purposes of the census, only factories registered under the Indian Factories Act, 1948, which employ 20 or more workers on any day and use power are taken into account. Factories in existence during the year which did not work are also included.

- (ii) "*Productive capital*" : Capital employed on the relevant date (*see below*) in the factory itself and in running it is covered by this term. It consists of fixed capital (comprising factory land, buildings, plant, machinery and miscellaneous assets such as furniture, fixtures, fittings, railway sidings, automobiles, patents and trade marks, etc.), and working capital (comprising stocks of raw materials, finished and semi-finished products, cash in hand and at the bank excluding fixed deposits, and current credits). The value of capital items is taken as in the books of the factory. The estimates under the various heads of capital relate to 31st December, 1954, in the case of factories which closed their accounts on that date, and in other cases to the date on which accounts were last closed prior to 31st December.

- (iii) "*Number of persons employed*" : The average number of persons employed by each factory, under various heads such as workers, persons other than workers, etc., on days on which manufacturing operations were carried on in the factory, is computed by adding the number of persons employed on all these days and dividing by the number of days. These averages are aggregated for all factories in the State or industry as the case may be, and the aggregate is taken as the number of persons employed in the State or industry, respectively.

- (iv) "*Workers*" : The term 'workers' is used in the same sense as in the Factories Act, 1948, but excludes persons holding positions of supervision or management or employed in a confidential position. Section 2 (1) of the Factories Act, 1948 defines 'worker' as a person employed, directly or through any agency, whether for wages or not, in any manufacturing process or in cleaning any part of the machinery or premises used for a manufacturing process, or in any other kind of work incidental to, or connected with, the manufacturing process, or the subject of the manufacturing process.

- (v) "*Persons other than workers*" : This term includes all employees other than workers, as defined in (iv) above.

- (vi) "*Man-hours*" : The estimate of the number of man-hours worked by a factory during the year relates to the entire year, including days on which no manufacturing operations were carried on, and is calculated by multiplying the number of workers employed in each shift by the number of hours in the shift, and aggregating the products for all the days in the year. The number of man-hours for a State or an industry is the total of the number of man-hours worked by all factories in that State or industry.
- (vii) "*Wages*" : The term 'wages' has been used in the same sense as in section 2(vi) of the Payment of Wages Act, 1936, and means "all remuneration capable of being expressed in terms of money which would, if the terms of the contract of employment, express or implied, were fulfilled, be payable, whether conditionally upon the regular attendance, good work or conduct or other behaviour of the person employed or otherwise, to a person employed in respect of his employment or of work done in such employment, and includes any bonus or other additional remuneration of the nature aforesaid which would be so payable, and any sum payable to such person by reason of the termination of his employment, but does not include :—
- (a) the value of any house-accommodation, supply of light, water, medical attendance or other amenity, or of any service excluded by general or special order of the State Government ;
 - (b) any contribution paid by the employer to any pension fund or provident fund ;
 - (c) any travelling allowance or the value of any travelling concession ;
 - (d) any sum paid to the person employed to defray special expenses entailed on him by the nature of his employment ; or
 - (e) any gratuity payable on discharge."
- (viii) "*Other benefits*" : These include various benefits over and above, wages, such as free or subsidised housing, food grains at concessional rates, etc.
- (ix) "*Fuels and materials consumed*" : This excludes any fuels or materials manufactured within the factory and consumed in it. Electrical energy generated and consumed within the factory, is a case in point. The coal used in generating the energy is, however, included since it is brought into the factory from outside.
- (x) "*Value of fuels, materials, etc., at factory*" : This is the cost of materials, etc., delivered at the factory, and includes the purchase price, transport charges and other incidental costs.
- (xi) "*Work done for factory by other concerns*" : This term denotes the cost of services rendered to the factory by other concerns and by individuals other than its own employees.
- (xii) "*Products manufactured for sale*" : This term includes all products made during the year for sale, whether actually sold during the year or not. It is generally estimated by adding sales during the year and stocks at the end of the year and deducting stocks at the beginning of the year.
- (xiii) "*Ex-factory value of products*" : Represents the value of products at factory, and is exclusive of transport charges from the factory.
- (xiv) "*Work done for customers*" : Work done for customers on payment, on materials supplied by them.
- (xv) "*Value added by manufacture*" : This represents that part of the value of the product which is created in the factory, and is computed by deducting from the gross *ex-factory* value of the product, the value of fuels and materials used, work done for the factory by other concerns, and depreciation of fixed assets. Depreciation is calculated at the rates allowed by the income tax authorities for assessing taxable income. The rate varies according to the type of assets and Industry.

APPENDIX A
ACT No. XIX OF 1942¹

[3rd April, 1942]

[As modified up to the 1st October, 1951]

An Act to facilitate the collection of statistics of certain kinds relating to industries.

WHEREAS it is expedient to facilitate the collection of statistics of certain kinds relating to industries ;

It is hereby enacted as follows :—

1. Short title, extent and commencement.—(1) This Act may be called the Industrial Statistics Act, 1942.

(2) It extend to “[the whole of India ” except the State of Jammu and Kashmir].

(3) It shall come into force in a “[State]” on such date as the “[State]” Government may, by notification in the official Gazette, appoint in this behalf for such “[State]”.

2. Definition.—In this Act “prescribed” means prescribed in rules made under this Act or in any form prescribed by those rules.

3. Collection of statistics.—(1) The “[State]” Government may, by notification in the official Gazette, direct that statistics shall be collected relating to any of the following matters, namely—

(a) any matter relating to factories,

(b) any of the following matters so far as they relate to welfare of labour and conditions of labour, namely—

- (i) prices of commodities,
- (ii) attendance,
- (iii) living conditions including housing, water supply and sanitation,
- (iv) indebtedness,
- (v) rents of dwelling-houses,
- (vi) wages and other earnings,
- (vii) provident and other funds provided for labour,
- (viii) benefits and amenities provided for labour,
- (ix) hours of work,
- (x) employment and unemployment,
- (xi) industrial and labour disputes,

and thereupon the provisions of this Act shall apply to the collection of those statistics.

(2) In clause (a) of sub-section (1), “factory” means a factory as defined in clause (j) of section 2 of the Factories Act, 1934 (XXV of 1934), or any premises deemed to be a factory in pursuance of a declaration made under sub-section (1) of section 5 of that Act.

4. Appointment of statistics authority.—The “[State]” Government may appoint an officer to be the statistics authority for the purposes of the collection of any statistics under this Act.

5. Power of statistics authority to call for returns and information.—(1) The statistics authority may serve or cause to be served on any person a notice requiring him to furnish, at such intervals and in such form and with such particulars as may be prescribed, such information or returns relating to any matter in respect of which statistics are to be collected and to such authority or person and in such manner and at such times as may be prescribed.

(2) The notice referred to in sub-section (1) may be served by post.

6. Right of access to record or document.—The statistics authority or any person authorized by him in writing in this behalf shall, for the purposes of the collection of any statistics under this Act, have access to any relevant record or document in the possession of any person required to furnish any information or return under this Act, and may enter at any reasonable time any premises wherein he believes such record or document to be, and may ask any question necessary for obtaining any information required to be furnished under this Act.

¹ For statement of Objects and Reasons see Gazette of India, 1942, Part V, Page 41.

² Subs. by the Adaptation of Laws Order, 1950, for “all the Provinces of India”.

³ Subs. by the Part B States (Laws) Act, 1951 (3 of 1951), for “except Part B States”.

⁴ Subs. by the Adaptation of Laws Order, 1950, for “Province”.

⁵ Subs. ibid., for “Provincial”.

7. Restriction on the publication of returns and information.—(1) No individual return, and no part of an individual return, made and no information with respect to any particular undertaking given, for the purposes of this Act, shall, without the previous consent in writing of the owner for the time being of the undertaking in relation to which the return or information was made or given, or his authorized agent, be published in such manner as would enable any particulars to be identified as referring to a particular undertaking.

(2) Except for the purposes of a prosecution under this Act or under the Indian Penal Code (XLV of 1860), no person not engaged in connection with the collection of statistics under this Act shall be permitted to see any individual return or information referred to in sub-section (1). *

8. Penalties.—If any person required to furnish any information or any return—

- (a) wilfully refuses or without lawful excuse neglects to furnish such information or return as required under this Act, or
- (b) wilfully furnishes or causes to be furnished any information or return which he knows to be false, or
- (c) refuses to answer or wilfully gives a false answer to any question necessary for obtaining any information required to be furnished under this Act, or if any person impedes the right of access to relevant records and documents or the right of entry conferred by section 6, he shall for each such offence be punishable with fine which may extend to five hundred rupees, and in the case of a continuing offence [with a further fine]¹ which may extend to two hundred rupees for each day after the first during which the offence continues; and in respect of false information, returns or answers the offence shall be deemed to continue until true information or a true return or answer has been given or made.

9. Penalty for Improper disclosure of information or returns.—If any person engaged in connection with the collection of statistics under this Act wilfully discloses any information or the contents of any return given or made under this Act otherwise than in the execution of his duties under this Act or for the purposes of the prosecution of an offence under this Act or under the Indian Penal Code (XLV of 1860), he shall be punishable with imprisonment for a term which may extend to six months, or with fine which may extend to one thousand rupees, or with both imprisonment and fine.

10. Cognizance of Offences.—No prosecution under section 8 shall be instituted except by or with the sanction of the statistics authority and no prosecution under section 9 shall be instituted except by or with the sanction of the ²[State] Government.

11. Power of the Central Government to give directions.—The Central Government may give directions to ² [State] Government as to the carrying into execution of this Act in the ³[State].

12. Power of ²[State] Governments to make rules.—(1) The ²[State] Government may, subject to the condition of previous publication by notification in the official Gazette, make rules for carrying out the purposes of this Act.

(2) Without prejudice to the generality of the foregoing powers, rules may be made under this section regulating the exercise of the right of access to documents and the right of entry conferred by section 6.

¹ Substituted by the Repealing and Amending Act, 1942 (25 of 1942), for “to a further fine”.

² Substituted by the Adaptation of Laws Order, 1950 for “Provincial”.

³ Substituted, *ibid*, for “Province”.

APPENDIX B

RULES MADE BY THE STATE GOVERNMENTS UNDER SUB-SECTION (1) OF SECTION 12 OF THE INDUSTRIAL STATISTICS ACT, 1942, RELATING TO CERTAIN MATTERS CONNECTED WITH CLAUSE (a) OF SUB-SECTION (1) OF SECTION 3 OF THE ACT.

[As modified up to the 8th August, 1949.]

In exercise of the powers conferred by sub-section (1) of section 12 of the Industrial Statistics Act, 1942 (XIX of 1942), the Government of _____ is pleased to make the following rules for carrying out the purposes of the Act so far as it relates to collection of statistics relating to some of the matters in clause (a) of sub-section (1) of section 3 of the Act, the same having been previously published as required by sub-section (1) of the first mentioned section, namely,—

CENSUS OF MANUFACTURING INDUSTRIES RULES, 1945

1. (1) These rules may be called the Census of Manufacturing Industries Rules, 1945.
(2) They shall come into force at once.
2. In these rules, unless there is anything repugnant in the subject or context,—
 - (a) “ Act ” means the Industrial Statistics Act, 1942.
 - (b) “ Company ” means an incorporated company, wheresoever incorporated.
 - (c) “ Factory ” means a factory as defined in clause (m) of section 2 of the Factories Act, 1948.
 - (d) “ Form ” means a form set forth in Schedule II appended to these rules.
 - (e) “ Manufacturing process ” means manufacturing process as defined in clause (k) of section 2 of the Factories Act, 1948.
 - (f) “ Occupier ” means the occupier of a factory as defined in clause (n) of section 2 of the Factories Act, 1948.
 - (g) “ Schedule ” means a schedule appended to these rules.
 - (h) “ Section ” means a section of the Act.
 - (i) “ Statistics Authority ” means the Statistics Authority appointed by the Government of _____ under section 4.

3. (1) The Statistics Authority shall before the end of December or, in the case of a factory engaged in the sugar industry, before the end of June in each year, serve on the occupier of each factory which is engaged in an industry specified in Schedule I or which, having previously been so engaged, has temporarily suspended manufacturing processes, a notice requiring him to furnish to the Statistics Authority:—

- (a) a return, in duplicate in the form appropriate to the industry in which the factory is or has been engaged relating to the next following calendar year or, in the case of a factory engaged in the sugar industry, the next following annual period commencing with the 1st July and ending with the 30th June, and
- (b) if the factory is owned by a company, two copies each of the annual balance-sheet and profit and loss account, and of the directors' report, if any, for the period to which the return relates, if the Company's accounting year coincides with this period; otherwise for the period for which the accounts of the company were last closed; *αυτού διζήμενον νόμον.*

and if any factory, which was not in existence or was not engaged in any such industry in December or, in the case of sugar industry, in June, in any year, engages or is about to engage in any such industry during the next following calendar year or, in the case of sugar industry, during the next following annual period as aforesaid or, if any factory required to be served with a notice under this rule is, for any reason, not served with the notice within time, the Statistics Authority shall serve such notice on the occupier of such factory as soon as may be, and the provisions of this sub-rule shall apply as if the period to which the return related were the portion of the said calendar year or annual period, as the case may be, during which the factory is engaged in the industry.

(2) If the occupier of any factory on whom a notice has been served under sub-rule (1) (hereinafter called the first occupier), at any time during the period to which the return required to be furnished under such notice relates, ceases to be the occupier of the factory, and some other person (hereinafter called the second occupier) becomes the occupier thereof, the first occupier shall immediately on ceasing to be the occupier inform the Statistics Authority of the change of occupancy and the name and address of the second occupier, and the Statistics Authority shall, as soon as may be, serve on the second occupier a notice requiring him to furnish to the Statistics Authority:—

- (a) a return, in duplicate in the form appropriate to the industry in which the factory is engaged relating to that part of the said period during which the second occupier is the occupier of the factory, and
- (b) if after the change of occupancy the factory is owned by a company, two copies of each of the documents which may be required to be furnished under clause (b) of sub-rule (1).

(3) If the occupancy of a factory changes more than once during the period to which the return required to be furnished under a notice served on the occupier thereof under sub-rule (1) relates, the provisions of sub-rule (2) shall apply on each occasion as if the outgoing occupier were the first occupier and the incoming occupier were the second occupier.

4. (1) Any occupier of a factory on whom a notice has been served under rule 3 shall furnish the return and documents as required thereunder so as to reach the Statistics Authority not later than two months after the expiry of the period to which the return relates :

Provided that—

- (i) any such occupier, who at any time during the period to which the return required to be furnished under the notice relates, ceases to be the occupier of the factory, shall furnish a return and documents as aforesaid relating to that part of the said period during which he was the occupier of the factory so as to reach the statistics Authority not later than two months after his ceasing to be the occupier ;
- (ii) if any factory, on the occupier of which a notice has been served under rule 3, is dismantled or otherwise ceases to be a factory at any time during the period to which the return required to be furnished under the notice relates, the occupier shall furnish a return and documents as aforesaid relating to that part of the said period during which the factory was in existence so as to reach the Statistics Authority not later than two months after the factory ceased to exist ; and
- (iii) in the case of a factory owned by a company whose accounting year coincides with the period to which the return relates, the documents referred to in clause (b) of sub rule (1) of rule 3 may be sent, separately from the return, not later than four months after the expiry of the period to which the return relates.

(2) If on representation being received from an occupier before the date on which the return and documents are required to be furnished under this rule, the Statistics Authority is satisfied that there is sufficient reason for so doing the Statistics Authority may—

- (a) allow an extension of time for submission of the return up to one month beyond the said date ;
- (b) in the case of a factory owned by a company, allow, apart from the provisions of proviso (ii) to sub rule (1) copies of the balance-sheet, and Profit and Loss account and of the Directors' report, if any, to be submitted separately from the return by such date as he may specify.

5. The occupier of a factory shall, when required to do so by the Statistics Authority, furnish, by such time as the Statistics Authority may prescribe, any further information in explanation of the particulars entered by him in the return submitted by him under rule 4.

6. (1) The Statistics Authority shall forward with the notices referred to in sub-rules (1) and (2) of rule 3, three copies of the form in which the occupier on whom the notice is served is required to furnish a return. Two copies of the form shall be used for the purpose of submission of the return as required by rule 4, and on the third copy the occupier shall retain an exact copy of the return submitted by him.

(2) If the occupier of any factory receives with a notice served on him under rule 3 copies of a form which is not appropriate to the industry in which the factory is or has been engaged, he shall within seven days of the receipt of the said notice intimate to the Statistics Authority the industry in which in his opinion the factory is engaged, the principal products of the factory and the anticipated approximate value of each such product during the period for which the return is required ; and upon the receipt of such information, whether within time or not, the Statistics Authority shall determine the industry in which the factory is engaged and, if it is an industry specified in Schedule I, shall as soon as may be after the receipt of such intimation serve upon the occupier a notice requiring him to furnish a return and documents as provided for in rule 3 in relation to that industry, forwarding therewith three copies of the form appropriate to that industry, and the provisions of these rules shall apply and the occupier shall furnish a return as if the fresh notice were the original notice and had been received on the date on which the original notice was received.

(3) If any factory on the occupier of which a notice has been served under rule 3 at any time subsequent to such service becomes engaged in a different industry from that in which it was previously engaged, the occupier shall, within seven days of the factory becoming so engaged, intimate to the Statistics Authority the industry in which in his opinion the factory will thenceforth be engaged, the principal products of the factory and the anticipated approximate value of each such product during the entire period for which the return is required ; and upon the receipt of such intimation whether within time or not, the Statistics Authority shall, after making such further enquiries as he may consider necessary, determine the industry in which the factory is engaged and, if it is an industry specified in Schedule I, shall, as soon as may be, serve upon the occupier a notice requiring him to furnish a return and documents as provided for in rule 3 in relation to that industry, forwarding therewith three copies of the form appropriate to that industry, and the provisions of these rules shall apply and the occupier shall furnish a return as if the fresh notice were the original notice and had been received on the date on which the original notice was received.

7. (1) Any notice required to be served and any return required to be furnished under these rules shall be served or furnished, as the case may be, by transmission through the post under registered cover with acknowledgement due, and on the outside of any cover—

(a) containing a notice, the Statistics Authority shall cause to be written prominently the words " Notice under the Census of Manufacturing Industries Rules, 1945 " ;

(b) containing a return or other documents required to be furnished by an occupier, the occupier shall cause to be written prominently the words " Confidential—Return under the Census of Manufacturing Industries Rules, 1945 " .

(2) Any notice required to be served on the occupier of a factory under these rules may be served—

(a) when the occupier is a corporation or firm, on any director or other principal officer of the corporation or on any member of the firm or by addressing the same in the name of the corporation or firm at its registered office or the place where it carries on business ;

(b) when the occupier is a person (not being a corporation or firm), on the person at the usual or the last known place of abode or business of such person ;

and such service shall be deemed to be good service as against the corporation, all partners of the firm or as against the person, as the case may be.

8. All information required to be furnished under these rules shall be furnished in English.
